

DURHAM NATION

SATURDAY, NOVEMBER 2, 2019 | 6 PM | AT THE RANCH, KATHRYN, NORTH DAKOTA

Greetings and Welcome to Durham Nation 2019,

What a year. It's no secret that mother nature has been less than kind to the majority of the US and Canada. While I, along with many others, could go on and on about the year of negative firsts, I'm not going to. Instead, I'm going to focus on the positives, and, be grateful.

In 2019, we sold more Shorthorn bulls than we ever have. By a mile. While I can't point to any one thing in particular, I will say I'm grateful for the fact that it's not just those of us involved with the sale selling them. It's the guys who truck for us across the United States, telling people that there is a good outfit in ND, and, if they are thinking about another British breed bull, maybe they should consider Shorthorn and give us a call. It's our wonderful neighbors, who, continue to support us beyond anything I could have ever dreamt. It's word of mouth in the western US that there are Shorthorn bulls that will work in harsh conditions and high elevations. It's ranchers experiencing the value of the percentage Shorthorn cow again and not having their male counterparts discounted at sale time. Perhaps most importantly, it's a constant drive to produce Shorthorn cattle that ensure a positive experience for our customers.

Along those lines, the females on the forthcoming pages represent a collective offering from three programs that work diligently in the creation of balanced, trouble free, Shorthorn seedstock. While some would associate that with lacking desired eye appeal, I would say, check that. On the day we finished pictures, one of the help, who's been here for over a decade said-"That's the best set of heifer calves to ever come through this barn"-He would know, and, I suspect those that follow the program closely will attest. The cows on offer are some of our best. They are backed with proven, exemplary track records, quiet dispositions, and progeny at side that are proof of their production ability. The bred heifers are a truly special lot. Diverse, high quality, maternal, and most importantly, mated with you, the customer in mind for the opportunity to earn an immediate return.

In times when it seems as though there is never a break, I want to offer one. I hope you are able to take time away from your busy schedules and enjoy a break on us. We'll have college football on all day in the sale barn. There will be excellent food. You will have the opportunity to not only connect with old friends, but, meet some new ones. Come nightfall, we'll auction off a set of Shorthorns that is second to none.

I saw a quote recently by Andy Warhol that read- "The idea is not to live forever, but, to create something that will".

That said, DURHAMS FOREVER!

TRUCKING

We will deliver Free of Charge in the Continental US and to Canadian Points of Entry.

This sale will be broadcast live on the internet.

DVAuction
Broadcasting Real-Time Auctions
Real time bidding & proxy bidding available.

GENERAL SALE INFORMATION

Flushing: All consignors retain a flush on all females selling from their program. The flush will be at our expense and the buyer's convenience with a guarantee of six grade one embryos.

Mailed Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of the sale far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

Terms And Conditions: Terms of the sale are cash. Settlement is to be made with the clerk immediately following the sale and before cattle are removed from the premises.

Update On Breeding And Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

Billed Accounts: All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless previous arrangements have been made with the owners.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All cows tested negative for TB, BVD-PI3 and Johne's Disease. Cows vaccinated with Bovi-Shield Gold and wormed. Calves have had Bovi-Shield Gold, Vision-7 and Cydectin.

Insurance will be available at the settlement desk upon conclusion of the sale.

Announcements made from the auction block take precedence over all printed material in this catalog.

**ALL ANIMALS SELLING WILL BE
GENETIC CONDITION FREE UNLESS OTHERWISE NOTED.**

I wish I had a dime for every time someone asked what the "CF" sire abbreviation stood for on the top of the ranch tags on this trio of heifers and the one that follows. November 2, 2019 will be a coming out party for Checkered Flag. A bull that resided at NDSU since purchased from us and later came back along with the their cowherd at age 7. Now coming 9, he'll breed here again next year, and we can't wait for his calf crop.

Bred to SBR Hometown 549E. Due 4/21/2020.

In 2017 ten-year-old JSF Goldenrod bailed us out of a bull issue and sired nine of the heifers in our sale offering which explains their May birthdates. Goldenrod is no longer with us, but he's left his mark on the breed. This heifer is bred to our bull SBR Hometown a JSF Shear Force son-- here's your opportunity to own several lines of great genetics.
