# DURHAM NATION

Greetings and Welcome to the 10th Annual Durham Nation Sale!

While much of the balance of the country and world is in flux, things in the Dakotas are stable and strong. Mother nature has blessed us with an incredible growing and harvest season. This has afforded many in the area a largely productive year, much to the contrast of the last couple we have endured. The improved conditions have fueled optimism for better days to come in the ag sector, and, we, along with the other consignors, share this same optimism for the future of Agriculture, and, the great breed of cattle that brings all of us reading this together, Shorthorn.

Speaking of optimism, I have never had or felt more for the breed, or, our respective operations. Our bull sales were nothing short of incredible, and, private treaty sales that followed further proved that demand for Shorthorn in the commercial sector is ever growing. That said, enter Durham Nation 2020. For those seeking foundation Shorthorn or ShorthornPlus females, *a better offering on this sale there has never been.*

It is with great anticipation we invite your inspection and appraisal of the stock on the forthcoming pages. Not only are the cattle exceptional, so are the people. We would love to be your hosts for a great weekend away, to a place where there is a relative calm, yet also excitement for something that is truly special...the renewed interest in America's First, Shorthorn.

Durhams Forever!

## TRUCKING

We will deliver Free of Charge in the Continental US & to Canadian Points of Entry.

This sale will be broadcast live on the internet.

## GENERAL SALE INFORMATION

**Flushing:** All consignors retain a flush on all females selling from their program. The flush will be at our expense and the buyer's convenience with a guarantee of six grade one embryos.

**Mailed Bids:** Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of the sale far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

**Terms And Conditions:** Terms of the sale are cash. Settlement is to be made with the clerk immediately following the sale and before cattle are removed from the premises.

**Update On Breeding And Calving Information:** There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

**Billed Accounts:** All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless previous arrangements have been made with the owners.

**Liability:** Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

**Health:** Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All cows tested negative for TB, BVD-PI3 and Johne's Disease. Cows vaccinated with Bovi-Shield Gold and wormed. Calves have had Bovi-Shield Gold, Vision-7 and Cydectin.

**Insurance** will be available at the settlement desk upon conclusion of the sale.  
**Announcements** made from the auction block take precedence over all printed material in this catalog.

**ALL ANIMALS SELLING WILL BE GENETIC  
CONDITION FREE UNLESS OTHERWISE NOTED.**

**Ultrasound examined safe. Due approximately March 30, 2021 to JSF Josey Wales 126E.**  
The dam of lot 8A, JSF Adelaide 212D, the heifer that Marty Ropp picked out of the pasture and asked me why someone wasn't going to have a crack at showing her. A month later, Lee Miller found her sale day, from there, she has gone on to produce leading progeny for The Maternal Event. Most notably, JSF Skyfall 135E, walking sire at Byland, and, who's heifer calves averaged 8K on the Futurity Shorthorns sale in Australia. A rare few cows are ever offered in their entirety that are not only capable of, but have produced a great one. This one's had several.

The youngest heifer on the sale with potentially the brightest future. Another capable of striking a killer pose since day one. Thanks Battlefront. I'm glad you came home.

CONSIGNED BY: JUNGELS SHORTHORN FARM

**JSF BATTLEFRONT 129C**

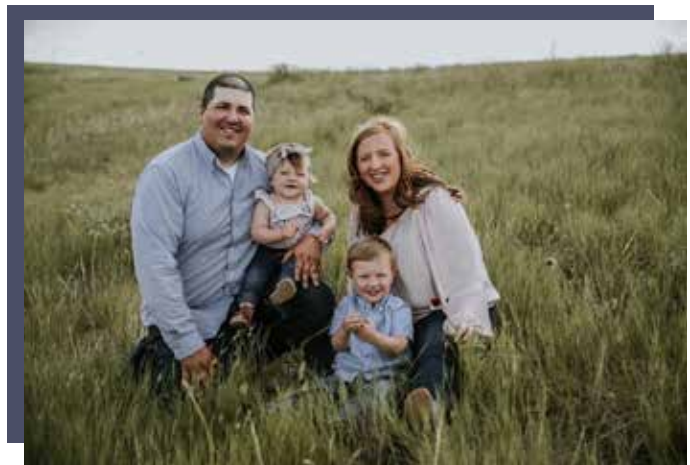

**SIRE OF LOTS: 2,4,5,8,9,11,12,13 & 13A**

In one calf crop, Battlefront is proving to be one of the most prepotent sires ever used here. His females excel in terms of structure, body, and eye appeal. His sons are much the same, and, have the look of future herd sires. I recall the year we exhibited him in the yards at the National Western, Judge Jeff Bedwell told me he was my best bull and "hit him hard". He was purchased in our sale by Joel Molitor of Molitor Shorthorns, Inver Grove Heights MN & long term customers the Hidden Paradise Ranch in Eau Claire, WI. When Joel had several daughters needing bred and only needing one bull, he offered him back to me. I'm sure glad I took him up on it. Thanks Joel and Devin, Battlefront is a bull that makes Shorthorn cattle, better.

## INTRODUCING,

our new Herdsman/Sale Cattle manager, **Preston Cargo.**

I always say I'm beyond blessed when it comes to help. That was proven yet again this summer when what felt like a moon shot for me in a phone call ask, became reality. I have been fortunate to have known Preston and his family since he was 6 years old, when, ironically, he purchased his first Shorthorn heifer from us. It's somewhat surreal now looking back as that was the first female I'd had any part of selling with the prefix JSF. That heifer became the foundation Shorthorn for Preston and his family at Cargo Stock Farm. Our paths crossed again while Preston was attending NDSU. Any weekend he wasn't needed back home, he was helping at the ranch, doing anything that was asked of him. Nearly every pipe at the feedlot was handled by Preston, and, I still recall his measuring stick to be certain they were all of equal height. Check it out next time you are there...you'll see for yourself. While some fitters may be as good, I don't know where I'd find one better, and, much like all those posts, I know no animal will leave a chute until he feels it's presented to the best of it's ability. Lastly, I will never forget back in college when he told me "I'm a Shorthorn man at heart." Seven years later, that statement prompted my call to ask, and, I'm so grateful to have him back, now, leading Team JSF.

**Preston, Jaci (Heins), Karsyn (3) Davey Bea (1)**

## LEROY FOSS

Broncos. Bison. Shorthorns, and, most importantly, his dear wife Kay and family. Those are the things that were absolutely most important to one of the most authentic individuals I've ever met. He was the best ambassador for JSF I could ever ask for in and around the city of Lisbon, ND, and, additionally, was a grandfather figure to me I hadn't had since I was 14. At least once a week, he would stop in to tell me how the cows were doing, which ones were looking the best that week, and, how much he loved Checkered Flag, the bull I put down in his pasture. I'm most grateful for the fact we got the cows and calves down to his pasture last spring before he passed. He was quick to tell me they looked great, and, as always, ended the conversation with "Thanks a million Dirk". Thank you, LeRoy, for never being something you weren't, always ever supportive, and, a true Shorthorn man til the end.

This heifer hails from one of the winningest Shorthorn heifer we have had the joy of dragging around. The mating to Saskvalley Banjo has added even more body while keeping the style that Saskvalley Outlaw is known for. We think this one could be as fun to show as her mother was.

If you are looking for a stout yet stylish white heifer that is puppy dog tame this one is for you. Her maternal sib was the 2020 NWSS Reserve Champion Shorthorn Plus bull, JSF Boulevard 3G. Her mother is the cow that is always first to greet you in the pasture and that temperament has passed on to this beast. She has cow power in her breeding.

Ai'd to JSF Times Square 120G on 5-3-20. Pasture exposed to Byland Snap 95C16 from 5-15 to 8-25-20. Ultrasound examined safe 90 days as of 8-26-20.

JSF Times Square is the record setting bull sold in the Durhams in the Dakotas 2020 sale for \$50,000. To add to this offering excitement, this bred heifer was part of the 2020 Grand Champion "Pen of Three" exhibit at the NWSS in Denver. Stout made, big ribbed yet moderate in size this heifer is sure to be an easier keeper.

4H is one of the neatest marked ones ever born here and earned the name 'Merica from a young age as she had a red tint to go with the white and blue. 34H is a tank. Wide made, deep chested, and sound with a sweet disposition. She is the kind of blue female that will help make Shorthorns great again. 80H is a  $\frac{3}{4}$  blood that may possess the most utility of any of the blues, in that, she is stout enough to raise club calves, powerful enough to be a bull maker, and feminine enough to show.

**Bred to SBR All Access 416D. Due 3/16/21.**

If you like to study extended pedigrees, hers goes back to sires and dams from several past and current prominent herds in the breed, as well as one of Clay's former show heifers. We are pretty thrilled with how well Next in Line is working on our Broker daughters, we think you will agree when you take a look at this heifer.

**Bred to SBR All Access 416D. Due 3/16/21.**

Just for fun we clicked back on the cow side of this heifer's pedigree on the ASA website and the Candy family goes back many generations, so far back that great Uncle Orville Stangl only used the Stangl name as a prefix and a number for each animal. Needless to say this cow family has been around a long time and will continue to be if they keep producing heifers like this. This heifer's dam has produced herd sires used in our program and the Vander Wal Livestock program.

Females like these 2 are why demand for our white bulls has exceeded supply, and, will only continue to. I've said for years, it doesn't do much good to tell people, you need to show them. Along those lines, the industry, and, prominent Angus breeders, are taking note. More to come there...stay tuned.

This impressive beast is going to be sure one of the most storied cow families in the Shorthorn breed and Dakota's lives on...the Orange Blossom's.

Next spring, we will have calves sired by JSF Times Square 120G, JSF Marquis 127X, JSF Polaris 201F, and Byland Axis...all sharing her as their dam. This year, she gave us one of the best and most unique future herd sires we've ever raised, JSF Palermo 172H ET. Be sure to find him sale day. On February 2, 2021, I have a hunch he'll be known worldwide.

Whoever said it takes a village was right. Too often those that are most important don't get thanks nearly enough. Laura Thoreson can do it all. When it comes to working cows, she is #1 and I'm grateful she is on our team. When Haley Anderson came on board, JSF got exponentially better. She has a way with stock that is beyond rare and a work ethic second to none. Brock has become my shadow and it's been a joy to watch him mature into a driven, caring, intelligent young man. Dad helps fill in whenever and wherever asked. Seeing him happy and proud when he helped us wean and bring the bull calves home is a day I won't soon forget. Thank you all!

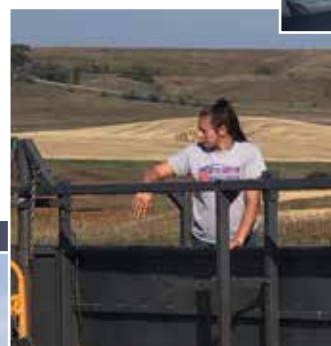

Haley Anderson

All breeders in the U.S. who host an annual production sale, consignment sale, bull sale or online sale are being asked to commit to donating the proceeds of either an animal or a genetics lot in their annual sale:

- An animal lot (live animal or pregnancy) will donate 50% of the proceeds of the sale of the lot to the Shorthorn Youth Development Fund. This donation can be assigned the lot number of your choice.
- A genetics lot (embryo or semen package) will donate 100% of the proceeds of the sale of the lot to the Shorthorn Youth Development Fund. This donation can be assigned the lot number of your choice.

If you agree to be a part of this program, you will become a member of the new "Shorthorn Royal Society." Membership levels are based on the actual monetary value of your donation to the Shorthorn Youth Development Fund.

Diamond : \$5,000+  
 Ruby: \$2,500 - \$4,999  
 Emerald: \$1,000 - \$2,499  
 Sapphire: Less than \$1,000

## Shorthorn YOUTH DEVELOPMENT fund
