11.4.23

5:30 PM | AT THE RANCH, KATHRYN, NORTH DAKOTA

DURHAM NATION

SATURDAY, NOVEMBER 4, 2023 | 5:30 PM | AT THE RANCH, KATHRYN, NORTH DAKOTA

Greetings and Welcome to the 13th Annual Durham Nation Sale!

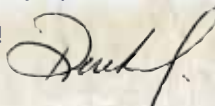

As I write this, harvest is in full swing on the Northern Plains. After enduring a punishing winter and corresponding late spring, the yield reports coming in are strong, and, we head into fall with a volume of grass. This, coupled with record high cattle prices are reason for optimism! Another is the ever-growing demand for Shorthorn cattle! We have assumed an enviable position within the industry. Why? The Shorthorn mother cow. She is quiet. She is adaptable. She gets pregnant. She lasts.

If you are seeking more of the kind that do that, you are reading the right letter. The firms comprising Durham Nation are intently focused on making the best maternal breed on the planet, better. With over 200 combined years of commitment to the breed, rest assured we have you, the customer in mind as we make our decisions, and, test these cattle against the harshest of environments to ensure they are durable enough to work anywhere, for you. It's why they have, and, will continue to sell all over the lower 48. It's why our genetics are some of the most sought after around the world. It's why we have the attention of the industry.

On November 4th, you will have the opportunity to select stock from the single largest offering of Shorthorn cattle in the world. I am confident in saying this years set is the best ever assembled, and, it's not even close.

That said, we hope you are able to take some time from your busy schedules and be with us anytime prior to, or, on sale day weekend. We invite you to extend your stay and enjoy some upland game or waterfowl hunting should that interest you. As always, the gates will be open to our cowherd and Herd Sires. Paramount, however, is the auction. It's where old friends reunite. New ones meet, and, where the renewed interest in America's First is fully experienced. We hope you can join us!

Durhams Forever!

TRUCKING

We will deliver Free of Charge in the Continental US & to Canadian Points of Entry.

This sale will be broadcast live on the internet.

GENERAL SALE INFORMATION

Flushing: All consignors retain a flush on all females selling from their program. The flush will be at our expense and the buyer's convenience with a guarantee of six grade one embryos.

Mailed Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of the sale far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

Terms And Conditions: Terms of the sale are cash. Settlement is to be made with the clerk immediately following the sale and before cattle are removed from the premises.

Update On Breeding And Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

Billed Accounts: All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless previous arrangements have been made with the owners.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All cows tested negative for TB, BVD-PI3 and Johnes Disease. Cows vaccinated with Bovi-Shield Gold and wormed. Calves have had Bovi-Shield Gold, Vision-7 and Cydectin.

Insurance will be available at the settlement desk upon conclusion of the sale.

Announcements made from the auction block take precedence over all printed material in this catalog.

ALL ANIMALS SELLING WILL BE GENETIC CONDITION FREE UNLESS OTHERWISE NOTED.

The anomaly at JSF. No other cow here combines as much power, foot, and front. Her production record, and, that of her first daughter, is impeccable. She has raised a pair of top selling sons in Polaris & Asteroid. She landed a daughter at the esteemed Paint Valley herd in OH. 2023 though...she becomes household. 2 daughters on this sale. One being the best bred female. The other, maybe the best heifer calf and lead lot from PVSS. Her Summit Choice ET lot for Smith Farms. Seems like a good run, right? Not done yet. JSF Pegasus 189L, her son by Palermo, has been called by many the best I've ever raised. See for yourself Durham Nation weekend. If not then, Denver 2024.

As I write this footnote, I have remorse for putting this heifer on the Durham Nation list and having the crew get her broke and ready to sell. She shouldn't be leaving JSF. She is however, one of the best heifer calves in our 2023 drop. Take advantage here. Great female.

We don't just talk about longevity and stayability here, we select for it. 58K's dam made it 11 years here. At least half of those winters were hell. LeRoy would tell me we should be keeping this one. I'm here to make Kay money. November 4th is your opportunity to select a great bred heifer, safe to a great bull, poised to make money for you for years to come.

Examined safe.

Due approximately February 10, 2024 to JSF White Noise 42K.

222L is a really high quality heifer. She didn't take a great pic. Check her vid, and, see her for yourself sale day. Ton of shape and front in a great outline. Big sis, well, she's a lead Durham Nation bred. Some folks tried to buy her out of the replacement pen last fall. Told me she was a show prospect with that front end. Then told me I was pretty proud of her for what I priced her at. Still am. Here's your chance to make them good. Super high quality lot, the Mandy's.

43L is the only VanGogh heifer and man is she neat! Additionally, there is dog gentle and then there is Patty 43L gentle... so, so quiet. If you have a youngster that needs a year one heifer, she would be a perfect fit.
 230L is a bit longer geared, sleek fronted, and, could be the sleeper show heifer of the entire offering. Her dam is a can't miss cow. Her last years bull was in our OKC pen, and, is now breeding cows for the Pritchett Family out in IN.

Patty 271K is one of my favorite breds on the whole sale. Her dam's production record is enviable. Study it and that of her daughters.

If you are seeking a future donor, I'd be ready on November 4th.
 3K is a moderate, red, cowvy scamp that I think will work great to Royalty.
 As John Hagie would always say about the Patty's, there's Power in the Blood.

Really salty page of heifers here.

228L is the only Plus JW and one of only 2 heifers on the offering as we only got 4 total! Just wait for the bulls...THEY. COMIN.

With 6L, we wanted to get a Royalty heifer on the sale with breds safe to him, and, she is the one that had some color, as well as being a standout in the heifer pairs all her days.

210L is a maternal half sib to Abe Lucy's Blue Roan Plus heifer pick last year at \$6750. The NDSU Bison FB Team got a great young man when they landed AJ Heins last year. We get great help on the off days because he is Preston's B-I-L. Conversely, not a lot of NIL deals in Fargo. Time to help AJ pay for what the Bison don't!

Preston suggested we sell a group of younger heifers to get into some different classes for the Juniors that come here to select their next project calf. Good call lad. They aren't however on here just because they are young, they are also damn good...284L is a Maude. 282L is a Mona Lisa, and, a maternal half sib to JSF 50K, now Herd Sire for Zane Martin of Promise Land Cattle in MT and who we used heavily here. Last, but certainly not least, a Jenny. She might be the best of the trio on the hoof.

It's hard to write a better pedigree for cow power than 313L's. The Cindy Beautys are some of the best producing females across the breed. She is bold ribbed and correct in her skeleton. I believe this is the kind of heifer you will like on sale day and love her even more when she gets into production. Top of the breed ranking for growth EPDs complete the package.

Bred to JSF Dow Jones 130J. Due 3/19/24.

Picking the lead lot in our section of the catalog always takes some thought. We want her to be something that represents our program as well as a female that will be an asset to her new owners. We are especially proud that her sire and dam both hold an SBR prefix, you probably haven't heard of her sire, but he's doing a great job in our herd. Her dam is a Sapphire which is a pretty special cow family to us going back to Blane's first show heifer. Her dam also raised the lead off bull in the 2022 Durham Nation sale purchased by Gary & Margaret Wood - Semiahmoo Shorthorns, Surrey, BC, Canada. This heifer combines the phenotype and performance to make a great female, and bred to Dow Jones we think you'll be pretty happy come mid March. Top 20% for 10 traits.

One of our very best! Really hurts to let this Times Square heifer go! She has brood cow written all over her! Definitely the kind we strive to raise!
Confirmed 3 months pregnant, due in April.

All the Deerhorn heifers were pasture exposed to Saskvalley Hardcopy 4H from June 4 to Aug 4.
The Hardcopy calves came so nice and easy (no assists) and they grew like you want them to, I decided to use him on all our heifers! I think they're as good or better than any other calving ease bull I could have used!
The heifers were preg checked on September 28.

ATTENTION JUNIORS!

JSF is committed to the Junior Program and it's continued success. As a show of support, we will be coordinating travel and providing a truck and trailer for any Juniors in the surrounding states that wish to attend but otherwise wouldn't due to the distance. Maryland 2024...here we come!

JUNE 15-22, 2024

This sale will be broadcast live on the internet.

GENERAL SALE INFORMATION

Flushing: All consignors retain a flush on all females selling from their program. The flush will be at our expense and the buyer's convenience with a guarantee of six grade one embryos.

Mailed Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of the sale far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

Terms And Conditions: Terms of the sale are cash. Settlement is to be made with the clerk immediately following the sale and before cattle are removed from the premises.

Update On Breeding And Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

Billed Accounts: All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless previous arrangements have been made with the owners.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All cows tested negative for TB, BVD-PI3 and Johne's Disease. Cows vaccinated with Bovi-Shield Gold and wormed. Calves have had Bovi-Shield Gold, Vision-7 and Cydectin.

Insurance will be available at the settlement desk upon conclusion of the sale.

Announcements made from the auction block take precedence over all printed material in this catalog.

This one is hard to let go. She is a maternal sister to Stand Alone, and Intensity who went to Promised Land Cattle in Montana. Her dam is about to enter the donor pen. If you wanted to Red head to show look no further. Coy showed her successfully at the MN State fair as a 10 year old and she is ready for a beginning show person. This one has so much potential to do so many things no matter the direction of your breeding program.

I expect 131K will be many peoples pick of the bred on November 4th. Extremely sound and beautiful in her design, she has so much quality. 69K is a big, stout, heavy constructed bred heifer from the Miss Favorite Family. Her dam just weaned a helluva Manhattan bull calf you'll see more of come January. Cool mating to Ember will keep this one red and way good.

Flat stunning bred heifers here. If there was ever a reason for people to see why our white bulls are in demand, it lies in the quality of these blue roan females, all descendants of PB Angus females. Far be it from me to say which one is best. You decide. You won't be wrong.

105

106

107

108

Grab a dart. Better yet, grab a few.
 This pen of Blue Roans is hands down the best set of Blue roans we have ever offered on auction. That's saying something as we have had some pretty stellar sets. This group though? A whole 'nother level.

Suitable for heifers.

Why have we let Hereford have the entire British Breed Horned Market when we naturally have them, too? While I'm all about convenience, there is still a segment of the industry that seeks Horned cattle for their inherent good. Why? Because they are TOUGH. When I imagine the great Horned cattle of the past, I envision bulls like 240K. Moderate, stout statured, large testicled, and, great headed. I'll send this bull to any Mountain range in the US, and, guarantee he'll come back down in the fall. A few years from now, so will his daughters.

I've been told my whole life "you can't do that". It started with selling Shorthorn bulls, period. Then, it was that I couldn't sell Roan ones. Next, it was White. Now, it will be Horned Bulls. I'm done taking them off. Let me know how it plays out.

The Record Setter. What a story. Jeff Stangeland sees the bull in March. Loves him. JSF & DEERHORN secure North American Rights. He goes to the National Sale. Get's moved to the Halter Division. Ends up Reserve. Scans a 7.8 for IMF. 21' REA. Sale happens. Australian records shattered.

Finally, with a heavy diplomacy assist from Gary McKenzie (THANK YOU!!) Slurpie is headed our way. We couldn't be more excited, or, grateful.

I will never forget Jeff's quote when it came to Slurpie, and, in and of itself, probably sums it up best-

"He's the best bull I've ever seen and I've seen a lot of them. I'm too damn old to ever have this chance again. Whatever we have to do to get him here, we need to do it!"
