Greetings and welcome to the 18th Annual Durhams in the Dakotas Sale!

As I write this, we are on the heels of what they are calling the "Ice Storm of the Century" in ND. Our area was especially hard hit, with in excess of an inch of ice on all nearly all surfaces within a 100 mile or so radius. Thankfully, we didn't immediately go to -20 with wind. What we do have is generators running at every power pole, open waterers, and, the cattle fed and bedded. Expectation is we could be without power for up to 2 weeks. I told someone today I just hope it's back up by sale day...don't' worry, I have a hunch the sale barn will be hot regardless!

As hard as the last few days have been, a true bright spot has been finishing up this catalog. What a set of Shorthorn and Shorthorn influenced bulls! New outcross sire groups, the first set of sons from The Champ himself, JW, and perhaps the neatest thing are the high end sons from past high sellers, raised right here, products of the program.

About our program. We are dedicated to the Shorthorn breed having raised them since 1953. We have been a member of the Century Club of the American Shorthorn Association the past 16 years and in the last 3 years consecutively we have registered more Shorthorn cattle than any other operation in North America. We are disciplined in that we adhere to stringent standards when it comes to calving ease and demand excellence in convenience traits. We pride ourselves in being different, searching the globe for new bloodlines to enhance our proven cow base, further positioning ourselves as an industry player with Shorthorn cattle, something that was nearly an afterthought not that long ago.

Lastly, and perhaps most importantly, we expect our cattle to be durable. We expect these bulls to last. We do the best we can to ensure that through retention of their dams with heavy emphasis placed on fertility and longevity, all the while testing them in an environment that forces them to be highly adaptable.

We hope you are able to take time from your busy schedules to be with us any time prior to, or, on sale weekend. As always, the gates are open to view the cowherd and Herd Sires. Paramount however, is that barn around 6 pm sale night. It's where old friends re-unite, new ones meet, and, where the renewed excitement for America's First is fully realized. We hope you can join us!

Durhams Forever!

Suitable for heifers.

I guarantee we'll win...the industry over...if we all make more bulls like 14L. Calving ease. Explosive growth. Elite number profile with a pedigree steeped in cattle that last. #4 bull in the 2023 entire Shorthorn calf crop for \$BMI. His dam's maternal half sib shattered our previous record setter for a female at Durham Nation last fall. His maternal granddam is the highly sought after Bella Thorne, Jeff Aegerter's pick of our cows. Namath will see use here via AI in 2024.

Suitable for heifers.

There hasn't been a roan bull in a major AI stud that delivers calving ease, quality, and consistency like Ronan since Capiche. Imagine that. Another JSF bull. Roosevelt is good made, big footed, sleek fronted and brings a shot of performance bottom side.

Progeny will be purebred when mated to purebred cows.

Owned with Mike Bishop

TRUCKING Free delivery in the US and Canada.

DIRECTIONS

Address: 5337 County Road 21, Kathryn, ND 58049

From the South: 1-29N to the HWY 46 Exit (Kindred) and then 50 miles west.

From the West: 5 miles east and ¼ mile north of the Junctions of ND Hwy's 1 & 46.

From the North: Kathryn Exit off I-94, 20 miles south on County Road 21 (National Scenic Byway).

From the East: I-94 North to the Wilkin County 30/MN 108 Exit north of Fergus Falls, MN. Head west on Wilkin County 30 to US-75 at Wolverton, MN. Go north 1 mile then, west 3 miles to I-29N. Take I-29 north 4 miles to the Hwy 46 Exit (Kindred) and then 50 miles west until you come to the farm along Hwy 46.

GENERAL SALE INFORMATION

We are retaining 1/4 semen interest in all bulls sold.

Mailed Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of the sale far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

Terms And Conditions: Terms of the sale are cash. Settlement is to be made with the clerk immediately following the sale and before cattle are removed from the premises.

Billed Accounts: All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless previous arrangements have been made with the owners.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees,

auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All cows tested negative for TB, BVD-PI3 and John's Disease. Cows vaccinated with Bovi-Shield Gold and wormed. Calves have had Bovi-Shield Gold, Vision-7 and Cydectin.

Genetic Condition Disclaimer: All cattle are guaranteed free of any known genetic condition unless otherwise noted.

Insurance will be available at the settlement desk upon conclusion of the sale.

Announcements made from the auction block take precedence over all printed material in this catalog.

ALL BULLS SELLING ARE

This sale will be broadcast live on the internet.

**VIEW BULL VIDEOS 2 WEEKS PRIOR TO SALE ONLINE AT
JUNGELSSHORTHORNFARM.COM**

ABOUT *the* BULLS...

The Bulls are raised along the Banks of the Sheyenne & James River Valley systems in ND. These bulls all grow up having to travel for water, forage, and shade. Only the top cut is retained for bulls with serious consideration given to acceptable birth weights, conformation, and overall durability. Once weaned, they are fed for optimum, not maximum gain, in large pens with free choice hay, gradually worked up to a 52mCal ration. This allows the bulls to express their differences genetically without being overly fat. Once yearling weights and scan data is recorded, the bulls are gradually backed down to a 42mCal ration prior to turnout and/or delivery, post a breeding soundness exam by Tom Becker.

As we video'd this bull, Dan Donnelly asked me who the did the Denver entries as we didn't have him in. I'll fall on that sword. Not this bulls fault. Perhaps the one that most closely resembles his great sire. Hollywood is worth the drive to Kathryn.

Steers sired by JSF bulls on feed in Kansas.

LOT
100

WILDCARD

High Level Depth. Elite Quality. Unparalleled Diversity.

When considering the above, I found myself repeatedly asking the same questions... which ones do I keep a higher percentage of? How do I make a sale order? Then it hit me... retain a flat quarter on all and sell pick of the catalog.

Sale staff and I will still compile a sale order. This is necessary for the purposes of efficiency within the video auction format, and, for you, the customer, to plan for multiple bulls within the offering. We will do the best we can and simply let you decide which one actually gets to be first. Once he's off the board, we'll roll through them, just like always. I look forward to assisting any of the new owners that wish to promote our bulls, and, will share the in expense and revenue at a 25% level, all the while putting 100% of our brand and marketing prowess behind them.

First up. Lot 100. The Wildcard.

#JSF.
